According to OCFS regulations, all over the counter topical skin ointments or lotions can only be applied with specific written consent from the parent/guardian. These ointments are not required and are not supplied by the program. If you wish to send in a lotion or ointment, please put a check mark next to the type and write in the specific brand name as well as the guidelines for use, when and where to apply (for example, sunscreen brand Coppertone, only on arms whenever outside May through August). Please label the lotion with first and last names and bring (with this form) to the center.
